

8. Special Models

HCN 20EM - 2000 pos

Ser.-No.: 13822-01-01...10

Following modifications:

- Option: Input voltage = +24V/DC
- Option: only external programming.
Connector 31 pins, DIN 41617.
- Option: 0V earthing connector.
- Option: Pin configuration of the programming:
 - 1 Input 0V
 - 2 Input 0V
 - 3 Input +24V
 - 4 Input +24V
 - 24 Ref. 0V
 - 26 Rev +10V
 - 29 Input,set voltage
- Mechanics: Plug-in unit
 - height 3 HU (110,4 mm)
 - width 14 TU (71 mm)
 - depth (172 mm)
 - HV-output on the front panel,
cable fix connected.
 - Programming terminal on the rear.

EMI and EMC:

The power supply has no mains connection therefore a certification according to EMI is not possible.
